2 About Us

Since its inception in 1988, 26 February has consistently grown to become a recognized construction contracting company in the State of Kuwait. Through our integrity, quality and reliability, government ministries and private clients have continuously entrusted us to execute over 300 projects.

For over 25 years, the company has successfully executed a wide variety of construction works, ranging from government buildings, sport facilities, mosques and roads. Hence deservingly earning a Category II designation in Construction Work and Category II in External Services Work (road and sewage) by the Kuwait Central Trading Committee (CTC).

Our people are the greatest asset we possess and biggest contributor to our success. Employee safety is our number one priority on all our projects to ensure they safely return home to their families.

The dedicated team of 26 February is comprised of many skilled and experienced staff and field team members, which operate on the team concept. The team concept established a standard of excellence that is well recognized in the construction industry.

5 Occupational Health and Safety

26th February Construction Contracting Company is committed to providing a healthy and safe work environment for our employees and to integrating that commitment into our everyday activities. This occupational health and safety policy will help us fulfill our commitment.

The company is responsible for the health and safety of its employees while they are at work. The organization will make every effort to provide a healthy and safe work environment.

- Managers and supervisors will be trained and held responsible for ensuring that the employees under their supervision follow this policy.
- Employees use safe work practices and receive adequate training to protect their health and safety.
- Equipment and facilities are safe.

The Company and employees will cooperate to ensure a safe work environment. Cooperation will also be extended to others such as contractors, owners, inspectors, etc.

It is the duty of each employee to report to the supervisor or manager, as soon as possible, any hazardous conditions, injury, accident, near-miss incidents or illness related to the workplace. Also, employees must protect their own health and safety by complying with applicable laws and by following policies, procedures, rules and instructions as prescribed by the company.

26th February will, where possible, eliminate hazards and provide its employees with personal protective equipment when needed. Employees must use personal protective clothing, equipment, devices, and materials.

Company recognizes the employees' duty to identify hazards and supports and encourages employees to play an active role in identifying hazards and to offer suggestions or ideas to improve health and safety.

Owner

6 Subsidiary

FEBCO Ready Mix, a subsidiary of 26 February, has been a high quality supplier to the construction industry since 2006. The fully automated batching plant has the capacity of producing 120 cubic meters per hour of dry mix concrete. The concrete testing laboratory is equipped with the necessary technologies for our skilled technicians to verify that the quality of concrete produced meets the clients' specifications.
